Dear Elliot

**Elizabeth Coteman Fund - Race Night Sponsorship**

Thank you so much for your sponsorship of a horse at our recent Race Night. We were delighted with the support we received for this event. The Charity, which was established following the death of my precious wife Elizabeth from Pancreatic Cancer in April of last year, is going strong. Fundraising has been so successful that we will be starting our grant making programmes next month - ahead of schedule. The Race Night was a huge success and, once all monies are in, we expect the total raised will be in the region of £4000.

You may know that our work focuses on two related issues, both of which are designed to tackle the worst effects of Pancreatic Cancer:

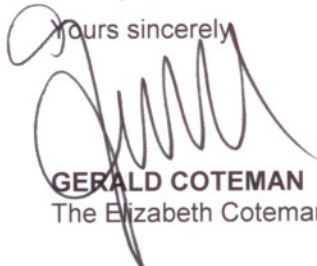

- Support for patients, families and carers
- Support for research

**Pancreatic Cancer currently has the worst survival rate of any cancer** and we are fighting to mitigate some of the huge challenges faced by those with the disease (and their families) as well as helping to find solutions for future sufferers. We will update you on how the money is being used.

I attach a copy of the Race Card for the night and invite you to view the sponsors' page on our website - [www.ecfund.org](http://www.ecfund.org) and click the **News & Events** button.

Very best wishes.

Yours sincerely

**GERALD COTEMAN**
